HOW TO USE

DIGITAL USAGE GUIDE

This logbook is tablet-friendly, making it easy to use on iPads, Android tablets, and other digital devices. Simply open it in a note-taking app and start writing with a stylus, just like using a real notebook!

Compatible apps include:
✨ GoodNotes (iOS)
✨ Notability (iOS)
✨ Xodo (iOS & Android)
✨ Samsung Notes (Android)
✨ Microsoft OneNote (iOS, Android, Windows)
✨ … and many others!

DESIGNED TO BE PRINTABLE

Prefer the classic feel of pen and paper? No problem! You can also print individual trackers or the full logbook and fill them out manually.

A GIFT FROM PARROT LOVERS TO PARROT LOVERS

This logbook was lovingly created by volunteers at Parrot Society (Singapore) to make responsible parrot care more accessible to everyone. It is completely free for personal use—reselling is strictly prohibited. If you find it useful, please consider supporting Parrot Society (Singapore) by getting involved with what we do: https://parrotsocietysg.org/get-involved so we can continue our work in parrot welfare.

Empower yourself with knowledge. Strengthen your bond with your parrot. Let's give our birds the best life possible!
